Mr. Boice offered the following:

Whereas, Chapter 798 of the Laws of 1931, known as the Emergency Relief Act of the State of New York, imposes additional duties upon the County Commissioner of Public Welfare in his administration of relief under said Act in the County of Ulster; and

Whereas, the said Emergency Relief Administration has advised the County Commissioner of Public Welfare that it will defray one-half of the salary and expenses of an investigator under said Act; and

Whereas, under the terms of said Relief Act, the period of emergency is declared to be from November 1st, 1931 to the 1st day of June, 1932, both dates being inclusive;

Now, Therefore, Be It

Resolved, that the County Commissioner of Public Welfare of the County of Ulster be, and he hereby is authorized and empowered to employ one investigator from the date of the passage of this resolution up to and including the 1st day of June, 1932, at a salary not to exceed $130.00 per month, one-half of which salary, as aforesaid, will be paid by the State Relief Administration; and be it further

Resolved, that if there are not sufficient funds in the Ulster County Treasury with which to pay such requisitions or drafts, the County Treasurer of said County of Ulster is hereby authorized and empowered, in anticipation of the tax hereby levied on the taxable property of the County of Ulster, outside of the City of Kingston, to borrow any or all of said sum on the obligation of the said County, made by him for and on behalf of, and in the name of said County, and acting for and on behalf of said County, on a Certificate of Indebtedness at a rate of interest not

Mr. Williams offered the following:

Whereas, various towns and the City of Kingston, all located in the County of Ulster are burdened with an unusually high tax rate on real property for the year 1931, a rate which is higher than ever before in the history of the County, and

Whereas, the said rate in the said municipalities is determined and fixed by unusually high and excessive budget appropriations as compiled and prepared by the Ulster County Board of Supervisors, and

Whereas, included in said budget is the cost for permanent and semi-permanent improvements in said County, which cost could otherwise have been defrayed by a Bond Issue whereby such cost could have been extended over a period of years with the resulting decrease in the appropriations in the budget for the year 1931, and

Whereas, Ulster County as well as other municipalities is confronted with a serious unemployment situation which cannot be relieved without some public assistance by way of the encouragement of further construction of permanent and semi-permanent public improvements, and

Whereas, Ulster County would and should be called upon to make and perform and complete permanent and semi-permanent public improvements in said County and which improvements will burden the taxpayers of said county to a degree far greater than now exists unless the costs of such public improvements be divided over a period of years.

Now Therefore, Be It Resolved, that the Board of Supervisors of Ulster County in the construction of permanent and semi-permanent improvements in said County, give more serious thought to the payment for such improvements with moneys derived from the sale of bonds to be issued by the said County in the manner provided by law and that the said Board of Supervisors go on record as being in favor of the policy of issuing bonds for such purposes instead of confining itself to the previous policy of paying for such improvements at the time and when the same have been authorized and completed, and moved its adoption.

Whereas, pursuant to Chapter 897 of the Laws of 1923, being "An Act to amend the tax law in relation to the taxation of bank shares and monied capital coming into competition with the business of national banks," the Board of Supervisors of the County of Ulster assessed a tax against the stock of the several national banks in the County of Ulster for the years 1923, 1924, 1925 and 1926; and

Whereas, the County Treasurer of the County of Ulster, pursuant to the warrant directed to him by the Board of Supervisors of the County of Ulster, collected from the said banks the tax authorized by said Chapter 897 of the Laws of 1923 and paid the same over to the several tax districts entitled thereto under the law; and

Whereas, said Chapter 897 of the Laws of 1923 has been declared invalid by the United States Supreme Court in the Case of the Public National Bank of New York vs. Keating, et al, in 52 Supreme Court Reports 137, and accordingly, the imposition and collection of said tax was illegal and void; and

Whereas, the said banks have made a claim for said taxes so illegally collected and have commenced actions in the Supreme Court for the refund of the same; and

Whereas, the various actions and proceedings now pending require that the assessment rolls for the several years in the several tax districts affected thereby be corrected; and

Whereas, the Board of Supervisors has received a communication from Virgil B. Van Wagonen, an attorney and counselor at law of the City of Kingston, New York, as Chairman of the committee representing all the banks affected by said refund, in which the said banks agree to accept a refund of one-half (½) of the amount of said taxes so illegally collected, together with interest on the same;

Now, Therefore, Be It

Resolved, that the County Treasurer of the County of Ulster be, and he hereby is authorized and empowered to make the necessary corrections upon the respective assessment rolls of the said tax districts in the County of Ulster and, pursuant to the orders of discontinuance made and entered in the respective actions, that the County Treasurer of the County of Ulster proceed to collect from the several tax districts, which received said taxes, an amount equal to one-half of the amount of said taxes so assessed and levied and accrued interest thereon for the years 1923, 1924, 1925 and 1926, and upon receipt of the same, to pay over to the several banks affected thereby said sums of money so collected, upon the condition that the said banks make, execute, acknowledge and deliver a release running to the County Treasurer of the County of Ulster and to the tax district affected thereby, together with a discontinuance of the actions of said banks; and be it further

Resolved, that the County Attorney is hereby authorized and empowered to stipulate and act in such matters as may be required to discontinue any actions or proceedings against the County of Ulster, after the receipt by the County Treasurer from the respective tax districts of the refunds to be made by such districts; and be it further

Resolved, that a receipt in the form required by the County Attorney shall constitute a sufficient receipt for the County Treasurer for the disbursement of the fund so turned back by the tax districts to the respective national banks entitled thereto; and moved its adoption.

Whereas, the State of New York has erected a new armory on North Manor Avenue in the City of Kingston and within the County of Ulster; and

Whereas, Adjutant General Franklin W. Ward of the Division of Military and Naval Affairs of the State of New York, by letter under date of December 1st, 1932, has authorized the County of Ulster to undertake this work with its own forces; and

Whereas, the County Superintendent of Highways of the County of Ulster has made an estimate as to the cost of doing such work, amounting to the sum of Thirty thousand dollars ($30,000.00);

COMMUNICATIONS AND PETITIONS.

OFFICE OF
COUNTY SUPERINTENDENT OF HIGHWAYS
74 JOHN STREET
KINGSTON, N. Y.

February 25, 1932.

Mr. Henry R. DeWitt,
Clerk of the Board of Supervisors,
Court House, Kingston, N. Y.

Dear Sir:

A bridge whose span is in excess of 25 feet and which spans the Plattekill Creek between the Town of Mamakating, Sullivan County and the Town of Shawangunk, Ulster County, and known as the Derking Bridge has been examined by me upon request of the Town Superintendent of Highways and I have found that certain main members of the bridge structure have so deteriorated, that to continue the use of the bridge in its present condition would not be to the County's interest.

Consequently, in accordance with provisions of the Highway Law I have made arrangements for the repairs to this bridge which to me were imperative. The estimated cost of such repairs will be not to exceed $500.00; one-half of which will be borne by Sullivan County and one-half by Ulster County.

It is requested that I be directed to make such repairs and that the County Treasurer be authorized to pay from the Bridge Fund so much thereof as may be necessary.

This request does not entail any further burden on the taxpayers as there is a sufficient amount in the Bridge Fund to take care of this need.

Very truly yours,

J. F. LOUGHRAN,
County Superintendent.

OFFICE OF
COUNTY SUPERINTENDENT OF HIGHWAYS
74 JOHN STREET
KINGSTON, N. Y.

April 14, 1932.

Mr. Henry R. DeWitt,
Clerk of the Board of Supervisors,
Court House, Kingston, N. Y.

Dear Sir:

Certain provisions of the Highway Law require that the State of New York will reimburse the Treasurer of Ulster County for certain monies expended by the County in the removal of obstructions caused by snow on the State and County highways.

Last year this amount was in the neighborhood of $10,157.50.

It is necessary that the Snow Removal Fund be replenished in the sum of $6,500.00 to meet necessary expenses, proofs of which are on file in this office. It is therefore requested that a resolution be prepared and presented to the Board at its next meeting and a resolution calling for a temporary transfer from the General Fund to the Snow Removal Fund in the sum of $6,500.00 and that the County Treasurer be authorized to re-pay to the said General Fund such monies borrowed therefrom when received from the State of New York as being the State's share in the Snow Removal on the State and County highways in this County. This will not necessitate a levy of one cent upon the taxpayers of this County as the monies from the State are paid to the County Treasurer the latter part of the year, and this resolution will give the County the benefit of such money at the present time.

Very truly yours,

J. F. LOUGHRAN,
County Superintendent.

VIRGIL B. VAN WAGONEN
COUNSELLOR AT LAW
240 FAIR STREET
KINGSTON, N. Y.

April 14th, 1932.

Roscoe Elsworth,
Chairman of the Board of Supervisors,
Kingston, New York.

My dear Mr. Elsworth:

The National Banks of Ulster County interested in the refund of the taxes paid to the County for 1923-1924-1925 and 1926 under Chapter 897 of the Laws of 1923, and which law was thereafter declared to be invalid and void in an action in the Federal Court have met and discussed their several claims against the County for taxes so paid.

In no way waiving their legal rights to recover, the Banks have unanimously agreed upon the following proposition which they are submitting and if promptly acted upon will be acceptable to them. The several Banks will charge the County with the taxes paid for the four years with interest on the same at six per cent to the time of adjustment and will accept in full therefor and discharge the County from any further liability upon the payment to each of said Banks of one-half of the amounts so due. In their judgment this will be equitable as between the several Banks and as against the County.

The proposition is made without prejudice to their respective rights should this proposition not be accepted.

At the first meeting a committee was appointed of which I happen to be Chairman and I am therefore bringing this information to you as Chairman of the Committee and with the unanimous approval of the various Banks.

Respectfully yours,

V. B. VAN WAGONEN.

ULSTER COUNTY TREASURER'S OFFICE

Kingston, N. Y,, April 28th, 1932.

H. R. De Witt, Clerk,
Board of Supervisors,
Kingston, N. Y.

Dear Sir:

At the County Treasurer's tax sale held on December 17th, 1931, it was necessary for the County to bid in a number of parcels in the various Towns, due to there being no bidders for same, and the total amount of such bids in each town is listed herewith and it is requested that the County Treasurer be authorized and empowered to credit these various amounts to Returned Tax Account of these various Towns and charge the total amount of $14,625.82 to General Fund Account, and when the parcels are redeemed the funds so received will be credited to the General Fund Account.

ROBERT G. GROVES
COUNSELOR AT LAW
WARREN BUILDING
260 FAIR STREET

Kingston, N. Y., April 29th, 1932.

To the Honorable Board of Supervisors
of the County of Ulster.

Gentlemen:

The Adirondack Stages, Inc. presented a claim against the County of Ulster on the 29th day of February, 1932, for the sum of Two thousand dollars ($2,000.00), for damages to one of their automobile buses, alleged to have been sustained on the 2nd day of January, 1932, at or near New Paltz, in connection with a collision with one of the County snow plows.

Since the receipt of this claim, I have made an investigation into this matter and am of the opinion that the County snow plow was being operated in a careful and prudent manner and that there is no liability against the County in this matter.

I therefore recommend that the claim of the Adirondack Stages, Inc. be disallowed.

All of which is respectfully submitted.

Yours very truly,

ROBERT G. GROVES,
County Attorney.

My dear Mr. DeWitt:

I respectfully request be granted the Old Age Relief Department of Ulster County the sum of thirty thousand dollars available June 20, 1932. This amount combined with the amount due from the State July 1, 1932—approximately $25,000 will be sufficient to carry me through until next January, 1933.

Henry R. DeWitt, Clerk,
Board of Supervisors,
Court House, Kingston, N. Y.

Dear Sir:

I attach three copies of preliminary resolution covering a request for additional work to be paid for by the County of Ulster in connection with the reconstruction of a part of the New Paltz-Plattekill C. H. #572 in the Village of New Paltz, which Highway together with C. H. #308 and #419 constitute a Repair Contract on the New Paltz-Kingston Route in Ulster County.

I call your attention to the note at the beginning of this resolution in explanation thereof.

In explanation of the attached resolution I would say that the necessary widening of the pavement and roadway on the proposed New Paltz-Kingston route in the Village of New Paltz requires the removal of the present sidewalks and the acquisition of property on the west side of the street.

It is expected that the Village is going to pay for the extra width of pavement and curbing on this section of the Road, but we feel that the replacement of the existing sidewalks is a part of the satisfaction of the property damage due to a necessarily widened roadway which should be a County responsibility just the same as the acquisition of land for such widening.

Even if this were not the case we have found that it creates an intolerable condition and when we are widening a State Road in a Village and rip out the sidewalks for replacement. State Highway funds can not to be expended for the replacing of sidewalks. Therefore, we look to the County for this replacement, first because we believe the responsibility rests with the County, and second because it is almost certain that the land damages for parcels to be acquired from abutting owners will be reduced by much more than the cost of replacing the sidewalks if they are replaced under the contract.

Will you kindly present the attached resolution to your Board of Supervisors for action at the earliest opportunity, and after inserting the result of the vote in the first paragraph of the resolution kindly return two certified copies to this office retaining one copy for your County files.

Kindly acknowledge receipt of this resolution.

Very truly yours,

J. S. BIXBY,
District Engineer.

of the County of Ulster.

Gentlemen:

Pursuant to a resolution of the Adjutant General of the State of New York, the County of Ulster undertook the acquisition of certain lands situate at the end of North Manor Avenue from the Parker K. Brinnier Estate for armory purposes.

This matter was tried before a commission and an award of $25,000.00 made thereon, which said award has been confirmed by the County Court of the County of Ulster.

In this connection, certain costs, allowances and interest must be paid, pursuant to the provisions of law. The total amount of said award, costs, interest and allowances, in my opinion, will not exceed the sum of $30,000.00, and it is accordingly requested that the sum of $30,000.00 or so much thereof as may be necessary, be made available in the hands of the County Treasurer to defray said award, costs, etc.

STATE OF NEW YORK
DEPARTMENT OF TAXATION AND FINANCE

Albany, October 13, 1932.

Mr. Henry R. DeWitt,
Clerk, Board of Supervisors,
Kingston, N. Y.

Dear Mr. DeWitt:

While many other matters are of extreme importance in relation to taxation, none is of more importance than the proper equalization of assessed valuations.

The State Tax Commission is required by law to make investigations and to establish rates of assessment for equalization purposes for each tax district of the state. In counties, Boards of Supervisors or equalization commissions are also required to establish such rates. For years, it has been the policy of the Commission to furnish to Boards of Supervisors—to county equalization commissions in those counties having such commissions—the rates established by this Commission for the tax district in each particular county.

For this year, the Commission has fixed for the tax districts in your county the following rates:

City of Kingston	69%
Town of Denning	42%
Town of Esopus	35%
Town of Gardiner	48%
Town of Hardenbergh	58%
Town of Hurley	76%
Town of Kingston	50%
Town of Lloyd	52%
Town of Marbletown	60%
Town of Marlborough	30%
Town of New Paltz	42%
Town of Olive	82%
Town of Plattekill	28%
Town of Rochester	37%
Town of Rosendale	43%
Town of Saugerties	58%
Town of Shandaken	65%
Town of Shawangunk	76%
Town of Ulster	31%
Town of Wawarsing	40%
Town of Woodstock	70%

Necessarily, these rates were established before the 1932 assessment rolls were completed—at least, this is true of all towns and most cities and villages. If in 1932, material changes have been made in the basis of assessment in any town, village or city, knowledge of which was not brought to the attention of this Commission before these rates were fixed, such changes should be considered by your Board of Supervisors, or by the equalization commission of your county, before your county equalization table is compiled for this year.

For several years past, this Commission has endeavored to co-operate with Boards of Supervisors and equalization commissions in establishing rates for equalization purposes which this Commission may use and which localities may employ. The Commission believes that inasmuch as State and local authorities are undertaking to ascertain the same set of facts, better results will be obtained if we work together, combining data and information, as it were. The cooperation of the Board of Supervisors is respectfully invited.

Very truly yours,

STATE TAX COMMISSION.

Deputy Commissioner.

Dear Sir:

Section 53-C of the Highway Law provides for State Aid for Snow Removal on State and County Highways, and in order that we might receive the benefit, it will be necessary for the Board of Supervisors to pass a resolution stating that public interest demands the Snow Removal from the State and County Highways of the County, and requesting that such snow removal be accomplished at the joint expense of the State and County, and it is necessary that the resolution shall specifically designate

the State and County Highways from which snow is sought to be removed and the number of miles on each highway. It also provides that in no case shall the amount to be paid by the State exceed $50.00 per mile for such purpose.

It is requested that this matter be laid before the Board of Supervisors at its first meeting.

OFFICE OF
COUNTY SUPERINTENDENT OF HIGHWAYS
74 JOHN STREET
KINGSTON, N. Y.

November 17, 1932.

Mr. Henry R. DeWitt,
Clerk of the Board of Supervisors,
Court House, Kingston, N. Y.

Dear Sir:

Certain provisions of the Highway Law provide for the Removal of Obstructions caused by Snow on the State and County Highways and the County Roads.

It is my understanding that it would be illegal for the County Treasurer to pay out any funds upon my orders unless provision for such funds has been made by the Board of Supervisors. It is my further understanding that as the matter now stands there are no moneys available in the Snow Removal Account.

In order that proper provision might be made as against the drifting of snow at certain points and sections in the County by the erection of suitable snow fences, it is imperative that at this time this Department shall be actually engaged in the erection of said fence and other minor work as is incidental thereto.

It is therefore, earnestly requested that immediate provisions be made by the Board of Supervisors whereby a certain amount of moneys can be transferred from the General Fund and placed to the credit of the Snow Removal Fund and that the County Treasurer be authorized to sign such warrants, properly countersigned by the Chairman of the Board of Supervisors, as may be presented to him by the County Superintendent of Highways.

Very truly yours,

J. F. LOUGHRAN,
County Superintendent.

Mr. Henry R. DeWitt,
Clerk of the Board of Supervisors,

Dear Mr. DeWitt:

We have received bids from the Otis Elevator Company and from the

Westinghouse Electric Elevator Company for installing an elevator at the Tuberculosis Hospital.

The Otis Elevator Company will install an elevator complete, including masonry, for $5,000. The Westinghouse estimate is $5,391 complete.

As the matter of using from our earnings of $6,113.35 for the installation of an elevator was referred to the Committee on Tuberculosis, we would respectfully request that you would present these estimates to them. The Board of Managers and the Superintendent feel that an elevator is vitally essential to the efficient operation of the hospital and earnestly hope for a favorable consideration of their request.

Our Board of Managers wishes to express its gratitude to the members of the Board of Supervisors for the appointment of the Rev. Henry E. Herdegen for the unexpired term of the Rev. Dean Scully and for the reappointment of Dr. A. C. Gates for a full term. They pledge their best services to the County of Ulster and hope to make this year more successful, if possible, than the year just ended.

STATE OF NEW YORK
EXECUTIVE DEPARTMENT
DIVISION OF THE BUDGET
ALBANY

November 14, 1932.

Mr. Roscoe V. Elsworth, Chairman,
Bd. of Supervisors, Ulster Co.,
Port Ewen, New York.

Dear Sir:

These are trying days in public finance. The taxpayers are finding it difficult to carry the heavy tax load under present economic conditions. It is manifest to you, I am sure, as it is to me, that in preparing budgets for the forthcoming fiscal year we should all strive to lighten the tax load whenever that is possible.

In the preparation of the State budget it is necessary in respect of some items to consider local as well as State finances. This is so because the State has made certain commitments upon which the localities have a right to rely. The State cannot abruptly withdraw those commitments without shifting the burden to the localities, which would result in no true economy. In such cases, the State and its local units of government should act in unison. Most counties and towns prepare their budgets during November and December. I have in mind certain means of effecting economies both in State and local budgets, which I would like to present to you and your associates on the Board of Supervisors and then when Governor-elect Lehman shall have returned, I would like to discuss them with him together with such reactions as I have obtained. The definite suggestions which I am submitting for consideration are as follows:

1. That for 1933 and 1934 State-aid for County roads under the Lowman Act (Section 220-b of the Highway Law) be suspended, thereby relieving the State budget of an appropriation which this year was $2,121,200 and which would reflect a like saving in the aggregate in the 57 counties outside of Greater New York. It occurs to me that much can be said in favor of this proposal. I believe existing conditions warrant limiting County highway programs to the funds derived from motor license fees and the proceeds of the gasoline tax. From these sources your County will receive a substantial sum during the next two years, and I am wondering if your Board would not like to save the amount which it normally would appropriate to match the State-aid provided by the Lowman Act.

2. That for 1933 and 1934 the amount required to be raised by the Towns of your County under Section 101 of the Highway Law for the repair and improvement of Town highways, be reducted by 25% and that the unit for the maintenance and improvement of Town highways be reduced from $100 to $75 per mile. The effect of this proposal would be to reduce substantially the sums required to be levied for Town highway purposes in the various Towns of your County, and at the same time it would afford substantial relief to State taxpayers. You will recall that the present unit of $100 per mile was established by Chapter 771 of the Laws of 1930. Present economic conditions were not foreseen at that time. I can but believe that a reduction of 25% in Town taxes for the purpose comprehended within item 1 of the highway fund, will be most welcome to the taxpayers in the several Towns of your County. Moreover, a decision to this effect will be pleasing when reflected in the State budget.

The third matter which I wish to discuss with you, although it does not have bearing on the State Budget, I deem of considerable importance

in County finance. You will recall that when the motor fuel (gasoline) tax was inaugurated, it was provided that the revenue derived by Counties therefrom, must be expended for the permanent construction or maintenance of highways not embraced within the State system. Since the enactment of the law special acts have been passed by the Legislature for two or three Counties, permitting them to use such revenue to pay highway bonds issued after the passage of such acts. (See Chapter 274 of the Laws of 1931 and 632 of the Laws of 1932). It occurs to me that under present day conditions a general act, at least for the next two years, should be passed which will enable any County in this State to use the revenues from the motor fuel tax to pay interest and principal on highway bonds issued at any time in the past, and in the case of Counties which have issued no highway bonds, to apply such revenue to the reduction of County taxes. As I have said, this is not at all material in State budget-making. I am merely suggesting it as a method of relieving County tax bills.

Will you not present this communication at a regular meeting of your Board if one is to be held within the next ten days and, if not, will you not discuss it with members of your Board and then give me the views of your Board toward the suggestions I am making? Please do not infer that I have any set notions and ideas. The only purpose I have in mind is trying to work in a cooperative way to obtain the objective of lower budgets and lower taxes.

Sincerely yours,

MARK GRAVES,
Director.

Kingston, N. Y., Nov. 29th, 1932.

H. R. DeWitt, Clerk,
Board of Supervisors,
Kingston, N. Y.

Dear Sir:

The County Treasurer is in receipt of a communication from the Adjutant General of the State of New York authorizing the County to borrow the sum of $15,691.57, being an amount necessary to maintain the

new State Armory for the remainder of the fircal year which ends June 30th, 1933.

As the State will refund this amount with interest to the County on July 1st, next, it is suggested that your Honorable Board authorize the County Treasurer to transfer the sum of $15,691.57 from the General Fund to the Armory Account at this time and upon receipt of the money from the State next July to credit same back to the General Fund with interest received on same. This will obviate the necessity of going out and borrowing the money and the County will obtain interest on the money so loaned.

ARTHUR RICE,
Ulster County Treasurer.

Dear Sir:

I am handing you herewith Supplemental Agreements covering certain additional work necessary in connection with the construction of County Roads Nos. 64, 66, 80.

The amounts called for in excess of that which was provided for by the Board of Supervisors as of April 20, 1932, have been approved and the work agreed upon by State Highway Commissioner Brandt previous to the undertaking. Such correspondence between the Commissioner and myself being on file in this office and copies of the same being filed in the office of the County Treasurer. Might I call your attention to the fact that it is not necessary to make direct appropriation for any of these funds, as such moneys have been cared for out of the regular County road fund.

Dear Sir:

Section ‡185 Military Law, as amended, provides that the cost of grading, filling, excavation, draining, paving, street or gutter curb, flaging of sidewalks, fencing, sewer and water pipes and their connections, shall be a charge against the County in which an armory is now to be built or hereafter to be erected for the active militia in such County.

ROBERT G. GROVES
COUNSELOR AT LAW
WARREN BUILDING
260 FAIR STREET

Kingston, N. Y., December 5th, 1932.

To The Board of Supervisors of the County of Ulster:

Gentlemen:

Your Committee on Highway Accounts referred to this office a claim of A. R. Trumbull of 28 Roosevelt Ave., Middletown, N. Y., for my opinion as to its validity.

My investigation discloses that the truck, which was damaged, was at the time of the accident being operated over a County line bridge spanning the Plattekill Creek on the division line between the Town of Mamakating, Sullivan County, and the Town of Shawangunk in Ulster County, and is known as the Derking Bridge No. 80 on the Ulster County Highway System. The amount of damage claimed is $78.11.

Section 6 of the County Law, as amended, provides that a written statement, properly verified, setting forth certain details as required by Statute, be served upon the County Clerk or Chairman of the Board of Supervisors within three months after the happening of the accident. The claimant herein has failed to do this and at this time, in my opinion, the claim is barred as a matter of law.

A further consideration enters into the matter and that is, assuming the claim to be valid, it would be a joint liability between the County of Ulster and the County of Sullivan.

I recommend that the claim be disallowed for the reasons above set forth.

Yours very truly,

ROBERT G. GROVES,
County Attorney.

State of New York, County of Ulster, ss.:

George E. Carman, being duly sworn, deposes and says that he resides in the Town of Saugerties, N. Y., that he is at present chairman of the Board of Assessors of said Town; that he has examined the tax roll of said Town for the year 1931 and finds on Page 76, line 1, an assessment to one Wesley Martin, 5 Churchland, Residence. This assessment is an error created by a double assessment as the same property is assessed to Sylvester Martin, 5 Churchland on the 1931 tax roll at Page 76, line 2. Therefore, the assessment appearing on Page 76, line 1, to Wesley Martin, being a double assessment should be stricken from the tax sale list as

Whatever degree of success the Children's Court of Ulster County has attained during the period covered by this report is almost entirely due to the efforts of Mary C. Doremus, County Agent for Dependent

Children, Barbara R. Baum, Catholic Charities Agent and Robert J. Service, Chief Probation Officer.

The County Agent has attended practically every session of the Children's Court (and there have been many of them since December 1st, 1931,) and has made innumerable investigations and has furnished the Court with invaluable information and advice.

The Catholic Charities Agent has efficiently assisted the Court in disposing of the cases in which she was officially interested

The Chief Probation Officer has worked assiduously in Children's Matters as well as in those in County Court with the result that the cases placed under his care have been very thoroughly and efficiently supervised and many excellent results have been accomplished.

The Court expresses his appreciation for the assistance of the above-mentioned officials and also for the ready cooperation he has received from Nathan J. Cook, City Welfare Commissioner, from the Sheriff's Office and from the State Police.

Respectfully submitted,

FREDERICK G. TRAVER,
County Judge of Ulster County and
Judge of the Children's Court.

Dated, December 1st, 1932.

ANNUAL REPORT OF PROBATION OFFICER.

December 3, 1932.

Hon. Frederick G. Traver, Judge,
County and Children's Courts,
Ulster County, New York.

Dear Judge Traver:

The success of probation depends to a very large extent upon the care used in the selection of the cases and to a still greater extent upon the backing given the probation officer when he finds that he has gone to the limits of his legal ability in treating the case. To be effective, probation must have "teeth". Every case received this year by this department has every prospect of success and the end of antisocial conduct and every case that has been returned to Court, because of failure to respond to probationary treatment, has been effectively dealt with.

"Character is made up of many acts; it may be lost by a single one". A large percentage of probationers feel a sense of chagrin in that they have lost "face". A large part of the work of adjustment consists in regaining confidence and finding friends who will stand by them. Every effort is made to make the individual realize that every failure teaches a man something, if he will learn.

The present economic stress is especially hard on the children. The troubles of the parents are reflected in the behavior of the children. Mental attitudes of the parents brought on by a sense of insecurity and worries for the future make for unpleasant circumstances in the home and the children absorb more than most of us realize of this spirit of unrest. Everything that can be done to keep the home together and as congenial as possible is worthwhile from the standpoint of character building in both adults and children. The better the home the better opportunity does probation have to do its work.

The following few facts are intended as a summary of the work done by this department in the past year.

OFFICE OF THE BOARD OF ELECTIONS, ULSTER COUNTY.

Kingston, N. Y., January 30, 1932.

To:
The Secretary of State,
Board of Supervisors of Ulster County.

Gentlemen:

Pursuant to the provisions of Section 34 of the Election Law, the Board of Elections of Ulster County respectfully submits its report for the year 1931.

The completion of the enrollment for the year 1930 was the first work of which the Board was engaged. This was completed shortly after the submission of our last annual report and in a supplemental report thereafter submitted the complete tabulation for said year was set forth therein.

Transcripts of the entire enrollment were duly sent or delivered to all entitled to receive the same, and printed pamphlet copies thereof distributed to those applying therefor.

Your Board which is now engaged in compiling the enrollment for the year 1931 has about completed the same in preparation for the Spring Primary to be held in April of this year. This work as in the past is being done by our own office assistance and without the employment of outside help, the advantage of which is manifested by the more accurate compilation and the more systematic manner in which the work is being set up.

Having polled the required number of votes, the Law Preservation Party is now one of the recognized parties in this State and as such appeared on the Primary enrollment ballots for the first time in 1931.

The complete tabulation of the enrollment for the year 1931 shows a total of 27,458, an increase of 4,167 over that of the year 1930 and to which the Democratic Party contributed 2,106, the Republican Party 1,997 and the Socialist Party 12. The Law Preservation Party shows a total enrollment of 52 for its first year.

A complete tabulation of the enrolled voters by Election Districts for the year 1931 is attached hereto and made a part of this report.

CENTRAL REGISTRATION.

The period of Central Registration having again been changed by the legislature during the past year, began on August 1st and terminated on August 31st.

Voters residing only in the City of Kingston are eligible for Central Registration, since its application applies to such places wherein there is personal registration.

The total number of central registrants during the past year was 38 and while not large was a fair increase over that of the year 1930.

REGISTRATION AND VOTING CERTIFICATES.

The usual demands for registration and voting certificates was made to your Board during the past year by voters residing throughout the County. These certificates as has previously been stated were used by such voters in showing their voting record and in proving the citizenship of the voter. These certificates as we are advised are used primarily by voters visiting the Dominion of Canada in establishing the voters citizenship at the border.

Your Board issued 42 of these certificates in 1931, all of which were furnished the voters without charge.

FALL PRIMARY.

An official Fall Primary Election was held throughout the County of Ulster on September 15, 1931 and in accordance with the provisions of the Election Law your Board prepared for and conducted the said Primary Election. Public notice thereof, in accordance with the statute was duly published together with the list of polling places within the City of Kingston.

Petitions for places upon the official Primary ballots were received and examined by your Board and notice mailed to all persons designated for public office.

Your Board prepared and purchased in sufficient numbers, the official and sample ballots for said Primary Election for each political party entitled to participate therein and also purchased all other necessary supplies with which to properly conduct said Primary Election, and all said supplies were delivered to the proper town clerks throughout the County.

After said Primary Election a complete canvass of the return of the vote was duly made by your Board, the result of which showed a high vote of 1,130 for the Republican Party; 870 for the Democratic Party and one vote cast for the Socialist Party.

The total cost to the County for conducting said Primary Election was $2,448.61.

REGISTRATION OF VOTERS.

Pursuant to the statute, personal registration was conducted in the City of Kingston on October 9th, 10th, 16th and 17th and non-personal registration which prevails in all other localities in our County was held on October 10th and 17th.

Six Proposed Amendments to the Constitution were submitted to the voters at the last general election and your Board procured thirty thousand copies of the context of said amendments for distribution to the voters.

Your Board also procured all other necessary supplies and equipment for said registration and the same was distributed to the various town clerks.

The total registration throughout the County of Ulster for the year 1931 was 51,586 of which 36,856 was non-personal and 14,730 was personal. This was a gain of 4,349 over the year previous, the increase being distributed about equally between the personal and non-personal registrants.

ABSENTEE VOTERS.

The total number of applications for Absentee Voters Ballots for the past year exceeded that of the year previous, a condition that is proving rather distressing to your Board.

With 1066 applications for Absentee Voters Ballots, and taking the high vote cast in the County the past year as a basis of comparison approximately three per cent of the voters applied for Absentee Voters Ballots. This in itself, your Board feels exceeded without any justification the number who might rightfully have applied for such ballots.

Since an appeal to the conscience of those who interest themselves in this work has not proven effective, your Board appears without any real power to relieve the situation. It feels that some corrective measure should be passed by the legislature to remove the indiscriminate use or abuse to which the law has been put, at the same time giving due regard to those who might rightfully be entitled to avail themselves of the privilege of Absentee voting.

With these conditions existing your Board found it necessary to scrutinize all applications carefully and as a result 324 applications were rejected by your Board.

The total number of Absentee applications received by your Board for the year 1931 was 1066, of which 324 were rejected and 742 were accepted.

GENERAL ELECTION.

The general election for the year 1931 was held throughout the County of Ulster on November 3rd and in pursuance thereto, your Board caused notice thereof and lists of nominations to be duly published and posted throughout the County.

Your Board in order to properly care for said election also prepared and furnished 31,045 official and sample ballots for both general officers and Constitutional Amendments together with inspectors returns, tally sheets and all other miscellaneous supplies and equipment for the proper conduct of said General Election. Ballot strips and other necessary supplies for equipping the voting machines used throughout the County were also prepared and furnished by your Board and all such supplies and equipment delivered to the various town clerks on the Saturday preceding the General Election as provided by statute.

The Cost to your Board for the conduct of said General Election was $6,624.87.

Subsequent to the General Election your Board was in attendance upon the Board of County Canvassers which in pursuance to Statute

met on November 10, 1931 at 12 o'clock noon and completed its labors on November 11, 1931.

Your Board thereafter caused the necessary certification to be made to the Secretary of State and also prepared the necessary certificates of determination and caused the same to be issued to all County officers determined by said Canvassing Board to have been elected to County office.

VOTING MACHINES.

No increase in the number of voting machines in use throughout our County was made during the past year, the number of districts remaining the same and being forty-four.

One of the advantages of this form of voting is evidenced by the elimination of void and protested ballots, a condition which frequently proves one of the chief sources of dispute in the result.

While the cost of voting machines is comparatively modest and a more speedy change to this form of voting is desirable, it is not anticipated that under the present strain of finances the remaining towns will feel inclined for the present, to incur any additional expenses in that direction.

RECEIPTS.

The receipts of your Board for the year were comparatively small amounting in all to $6.59. The sum of $2.00 of which was derived from the sale of copies of the enrollment and the balance from the sale of waste paper. This money was turned into the County Treasurer and a receipt taken therefor.

DISBURSEMENTS.

The expenses of your Board for the past year is practically the same as for the year previous. By applying practical methods of purchases and the elimination of waste it has enabled us to keep within our usual expenditures. Having reached the point wherein expenses have been scaled to the minimum and with requirements somewhat constant, we cannot hope to accomplish any further reduction in the immediate future. A summary of the expense incurred by your Board for the year 1931 follows:

Fall Primary	$ 2,448.61
Registration	782.42
General Election	6,624.87
Extra Clerk Hire	110.00
Printing of Enrollment (Estimated)	2,500.00
Total	$ 12,465.90

All of which is respectfully submitted.

Respectfully,

J. CHARLES SNYDER,
HARRY D. SLEIGHT,
Commisisoners of Election,
Ulster County.

1932.

MINUTES OF THE BOARD OF COUNTY CANVASSERS.

Pursuant to the provisions of the Election Law the Board of Supervisors of the County of Ulster met at the Supervisors' Rooms in the County Court House in the City of Kingston, New York, on Tuesday, November 15th, 1932 at 12:00 o'clock noon as a Board of County Canvassers to proceed with the canvass of the vote cast in the General Election held in said County on November 8th, 1932.

The Board was called to order by J. Charles Snyder, President of the Ulster County Board of Elections and the designee by statute as Secretary of the Board of County Canvassers, who thereupon stated the purpose of the meeting.

The roll was called and a quorum was declared.

On motion of Supervisor Lamouree which was duly seconded by Supervisor Myers and carried, Edward M. Stanbrough was duly elected chairman of the Board of County Canvassers for the year 1932.

The Chair appointed Supervisors Lamouree and Myers to escort the Chairman elect to his seat.

The Constitutional Oath was thereupon administered by the Secretary, J. Charles Snyder to the Chairman elect, and the Chairman then adminis-

tered the Constitutional Oath to the Secretary and to each member of the Board of County Canvassers.

A motion to recess for five minutes to enable the Chair to make up the necessary Committees was duly made, seconded and carried.

Upon reconvening after said recess, the Chair announced the appointment of the following committees.

On Examining Returns:

Supervisor Lyons.
Supervisor Keator.
Supervisor Finch.

On Reading Returns.

Supervisor Voss.
Supervisor Myers.
Supervisor Terwilliger.

On Tabulating Returns.

Supervisor Boice.
Supervisor Cashdollar.
Supervisor Feeney.

On Motion duly made, seconded and carried, a recess was taken until 7:15 o'clock P. M. the same day to enable the Committee on Examining Returns to make the necessary examination and report.

At 7:15 o'clock P. M. the same day, the Board of County Canvassers reconvened pursuant to said recess, Chairman Stanbrough presiding.

Supervisor Lyons offered up the report of the Committee on Examining Returns, in which it was stated that the Committee had made an examination of the returns for each election district in the County. That all returns were present and in proper form except that certain discrepancies appeared in the returns for the following district in the City of Kingston, viz: Ward Two, District No. 1; Ward Two, District No. 2; Ward Ten, District No. 1 and Ward Twelve, District No. 2. That in each of the aforesaid districts a Voting Machine used therein on November 8th, 1932 had failed to record any votes for any candidate for certain offices, viz:

In Ward No. 2, District No. 1 no vote was recorded on Machine No. 1 for any candidate for the offices of State Comptroller, Attorney General

and Chief Judge of the Court of Appeals. Also, that no vote was indicated in the negative on Proposition No. 1. In Ward No. 2, District No. 2, no vote was recorded on Machine No. 1 for any candidates for the offices of Sheriff and Coroner. In Ward No. 10, District No. 1 no vote was recorded on Machine No. 2 for the offices of Electors of President and Vice-President, Justice of the Supreme Court and Representative in Congress. Also that no vote was indicated as having been cast in the affirmative on Proposed Constitutional Amendment No. 1. In Ward No. 12, District No. 2 no vote was recorded for any candidates on Machine No. 1 for the offices of Electors of President and Vice-President, Governor and Lieutenant Governor. Also, that said machine failed to indicate that any vote was cast in either the affirmative or negative on Proposed Constitutional Amendment No. 1 and that no vote was indicated as having been cast in the affirmative on Proposition No. 1.

The Committee recommended the appointment of a Bi-partisan Committee of the Board for the purpose of re-canvassing the vote in the aforesaid several election districts, and for the summoning of the Inspectors therein as provided by Section 266 of the Election Law.

The Committee further recommended that the tabulation Committee proceed with the canvass of the vote cast at the General Election held in the County of Ulster on November 8th, 1932, subject to any changes in the aforesaid districts which a re-canvass might disclose.

On motion of Supervisor Van Wagenen, which was duly seconded by Supervisor Myers, the report of the Committee upon Examining Returns was adopted.

Supervisor Lyons offered the following resolution:

Whereas, it appears from a canvass of the Inspectors' Returns, made by the Board of Supervisors of the County of Ulster as a Board of County Canvassers for the General Election held in the County of Ulster on November 8th, 1932, that there is a discrepancy in the vote as recorded by voting machines in said City of Kingston as follows:

That in Ward No. 2, District No. 2, Wallace Garage, Manor Avenue and O'Neil Street, Machine No. 1 (being voting machine No. 10,235 or

No. 14,302) failed to show any tally for the candidates of any party for the offices of Sheriff or Coroner;

That in Ward No. 10, District No. 1, 76 Furnace Street, Machine No. 2 (being voting machine No. 10,243 or No. 10,247) did not show any tally for the condidates of any party for the offices of Justice of the Supreme Court or Representative in Congress;

SCHEDULE "B"

We, the duly appointed custodians of voting machines for the City of Kingston, N. Y., for the year 1932 in compliance with the provisions of Section 266 of the Election Law do declare as follows:

That in accordance with the aforesaid section of the Election Law and at the request of a Committee of the Board of County Canvassers of the County of Ulster, we duly attended at the Municipal Building on East

O'Reilly Street, in said City of Kingston, on Friday, November 18th, 1932, at 2:00 o'clock P. M. for the purpose of a recanvass of the vote on certain voting machines used in said City of Kingston, at the General Election held on November 8, 1932, and which said voting machines had failed to register or record at said election the vote on certain candidates for certain offices and on amendment and proposition and for such other purposes as defined by Section 266 of the Election Law aforesaid.

That the machines which failed to register as aforesaid and the location thereof was as follows: Machine No. 14303 located at Ward 2, District No. 1, Protective Counter No. 5325, Seal No. 18387; Machine No. 14302 located at Ward 2, District No. 2, Protective Counter No. 5603, Seal 18105; Machine No. 10243 located at Ward No. 10, District No. 1, Protective Counter No. 10089, Seal No. 18333; Machine No. 10236 located at Ward No. 12, District No. 2, Protective Counter No. 8170, Seal No. 18231.

That upon the recanvass of the aforesaid machines as made by the Inspectors of Election of said District it was found as follows: that Machine No. 14303 as aforesaid showed no tabulation of any votes as having been registered for the following offices: State Comptroller, Attorney General and Chief Judge of the Court of Appeals, also no vote was recorded in the negative on Proposition No. 1; that Machine No. 14302 showed no tabulation of any vote as having been recorded for any candidates for the offices of Sheriff and Coroner; that Machine No. 10243 showed no tabulation for any candidate for the offices of Electors of President and Vice-President, Justice of the Supreme Court and Representative in Congress, also that no vote had been recorded thereon in the affirmative, on Proposed Constitutional Amendment No. 1; that Machine No. 10236 showed no tabulation of any vote for any candidates for the offices of Electors of President and Vice-President, Governor and Lieutenant Governor and that no vote had been recorded thereon in either the affirmative or negative on Proposed Constitutional Amendment No. 1, and that no vote had been recorded in the affirmative on Proposition No. 1.

That no change was found on the recanvass and such discrepancies as appeared in the original returns filed with the Board of Elections remained unchanged.

We do further declare that prior to the aforesaid General Election, under the direction of the Board of Election and pursuant to the provisions of Section 251 of the Election Law, all voting machines used in the said City of Kingston at the aforesaid General Election were prepared for said election and that all of the provisions of said Section 251 of the Election Law relative to the preparation of voting machines by the Custodians were duly and regularly complied with.

That each and every voting machine used in the City of Kingston at the aforesaid General Election was tested and tried before said machine was approved as being in proper working order for said election. That in accordance with the usual practice and custom of custodians in preparing machines for use at elections, the counters on each voting machine was voted on at least eleven times before being certified, and that all machines were found to operate correctly as will appear by the custodians certificates of testing and preparing heretofore filed with the Board of Elections of said County.

That in the opinion of these custodians the failure of the aforesaid voting machines to properly operate or record the vote on the aforesaid candidates, Proposition and Amendment was due to the fact that the counter operating links were disconnected.

That upon the examination of said voting machines after the aforesaid canvass as provided by the aforesaid Section 266 of the Election Law, these custodians were unable to determine the cause for said counter operating links becoming disconnected; or for the failure of said machines to have properly registered or recorded the vote as cast at said election, or to assign any reason for the failure of said machines to have properly functioned.

SCHEDULE "C".

To the Board of County Canvassers
of the County of Ulster.

Gentlemen:

The undersigned Bi-Partisan Committee of the Board of County Canvassers duly appointed by the Chairman of said Board, pursuant to a resolution duly adopted by said Board on the 15th day of November, 1932, do hereby respectfully report as follows:

That pursuant to the provisions of Section 266 of the Election Law, providing for the recanvass of the vote as recorded on voting machines, we gave notice to the Inspectors of Election of the First District of the Second Ward in the City of Kingston, Second District of the Second Ward of the City of Kingston, First District of the Tenth Ward in the City of Kingston, and the Second District of the Twelfth Ward in the City of Kingston, and also to the custodians of voting machines in the City of Kingston, N. Y., and the County Chairmen of the Republican and

Democratic County Central Committees of the County of Ulster, that the voting machines in the First and Second Districts of the Second Ward, First District of the Tenth Ward and the Second District of the Twelfth Ward, would be examined on Friday, November 18th, 1932, at 2:00 o'clock P. M., at the Municipal Building, East O'Reilly Street, Kingston, N. Y., for the purpose of recanvassing the said vote as recorded on said machines and to discover if the discrepancies, which existed on the face of the returns, still existed and for the other purposes set forth in Section 266 of the Election Law. That your Committee requested the Automatic Voting Machine Corporation of Jamestown, N. Y., to send a representative of said corporation to attend upon said Committee hearing at the time and place fixed.

That on Friday afternoon, November 18th, 1932, at 2 o'clock P. M., voting machines Number 14303—First District of the Second Ward, Number 14302—Second District of the Second Ward, Number 10243—First District of the Tenth Ward, and Number 10236—Second District of the Twelfth Ward, were unlocked and examined and were found to be the machines upon which the discrepancy in the Inspectors' returns of said respective districts appeared.

That the vote on Proposition Number 1 and Amendment Number 1, together with all of the other offices voted for at said General Election held on November 8th, 1932, was recanvassed by the respective Boards of Inspectors of said districts and by your Committee and in the presence of said Committee, said respective Boards of Inspectors, custodians of voting machines and the duly authorized representatives of the Republican and Democratic parties, and it was found that the vote as set forth in the returns of said respective Boards of Election Inspectors for said districts was correctly shown on their returns.

That Albert M. Coffey, the representative of the Automatic Voting Machine Corporation, the manufacturers of the machines in question, under the supervision of the custodians of the voting machines, made a superficial examination of said machines and by reason thereof, was of the opinion that the failure of machine Number 14303, in the First District of the Second Ward, to record votes for offices in counter columns numbers 4, 5 and 6, being the offices of State Comptroller, Attorney General and Chief Judge of Court of Appeals for any candidate, was that the counter column operating links were disconnected.

That voting machine Number 14302 in the Second District of the Second Ward failed to record votes for candidates of either party on counter columns 15 and 16, being the offices of Sheriff and Coroner respectively, for the reason that the counter column connecting link was disconnected from the operating mechanism.

That the failure of machine Number 10243 in the First District of the Tenth Ward to record votes on counter columns numbers 1, 10 and 11, being Amendment Number 1 and the offices of Justice of the Supreme Court and Representative in Congress, respectively, for any candidate, was that the counter column operating links were disconnected.

That the failure of voting machine Number 10236 in the Second District of the Twelfth Ward to record votes for candidates of any party in counter columns numbers 1, 2 and 3, being Amendment Number 1, Electors of President and Vice-President, Governor and Lieutenant Governor, respectively, was due to the fact that the counters were not connected with the counter operating links.

That your Committee then decided upon a further and more complete examination of said voting machines and recessed until Monday morning, November 21st, 1932, at 9:30 o'clock, at the same place.

That on Monday morning, November 21st, 1932, at 9:30 o'clock, the Committee again convened. That in the presence of the custodians of the voting machines, Republican and Democratic representatives, Albert M. Coffey and Iver W. Carlson, a mechanic employed by the Automatic Voting Machine Corporation of Jamestown, N. Y., said Iver W. Carlson, under the supervision of the custodians of the voting machines of the City of Kingston, made a complete examination of said machines, the result of which was as follows:

As to voting machine Number 14302 in the Second District of the Second Ward, it was found that this machine showed no signs of having been dropped; that the outside case was just as it should have been; that the pan near the top on the inside of the machine was not properly placed in that it showed that the pan had been removed and had not been placed back in its proper position; that one shield on the left side of said machine was binding on the counter angles which proved that the counter angles had at some time been removed and on removing counter angles numbers 4, 5 and 6, it was ascertained that these three counter columns were disconnected from the operating mechanism and that by reason thereof, any pointers operated on the front of the machine and actuating counter columns numbers 4, 5 and 6 would not record any votes for any candidate; that said counter columns numbers 4, 5 and 6, in their condition as found by the Committee, showed that no votes had been recorded on said counter columns numbers 4, 5 and 6 for the candidates of any party. That these were the only three counter columns on said machine which were not working. That the counter operating link which was disconnected on columns numbers 4, 5 and 6, is an operating link with a sleeve and counter operating strap that fits into the counter operating link. That after said examination of this

machine, said counter columns numbers 4, 5 and 6 were replaced, the counter operating links adjusted and the machines set at 000 on all offices and propositions or amendments to be voted for and was then operated and found to record properly. That said machine was operated before being taken apart and it was found that it did not record votes for candidates on counter operating columns numbers 4, 5 and 6, being the offices of State Comptroller, Attorney General and Chief Judge of the Court of Appeals, respectively. That it was the opinion of Mr. Coffey and Mr. Carlson that a severe blow or jar would not serve to disconnect these counter column operating links and that it took some manipulation to accomplish the same.

As to voting machine Number 14303 in the First District of the Second Ward, substantially the same conditions were found as with the machine in the Second District of the Second Ward, except that counter columns numbers 15 and 16, being for the offices of Sheriff and Coroner, failed to record votes for candidates of any party. This machine was first operated in the condition as found by the Committee and failed to record votes for candidates of any party on counter columns numbers 15 and 16, being the offices of Sheriff and Coroner, respectively. The machine was then further examined under the supervision of the custodians and on removing counter columns numbers 15 and 16, it was found that the counter column operating links were disconnected. This machine gave no evidence of having sustained any fall and the outside case thereof was in good condition.

As to Voting machine number 10243 in the First District of the Tenth Ward, substantially the same conditions were found in reference to this machine as the others. The said machine gave no evidence of having received any fall. That said machine was operated in the condition as found by the Committee and it was found that it did not record any votes on counter columns numbers 1, 10 and 11, being votes on Amendment Number 1. Electors for the office of President and Vice-President and the offices of Justice of the Supreme Court and Representative in Congress, and said machine did not record votes for the candidates of any party. That counter columns numbers 1, 10 and 11 were removed and the counter column links were found to be disconnected. Said counter columns numbers 1, 10 and 11 were reinserted in said machine. It was found that counter column number 1 was badly bent, together with one of the actuator yokes. This machine also had a screw missing on the same and the screws on the counter angles were loose.

As to voting machine Number 10236 in the Second District of the Twelfth Ward, an examination revealed that this machine was in sub-

stantially the same condition as the other three machines and that counter columns numbers 1, 2 and 3 were not functioning and had failed to record votes for the candidates of any party thereon. Said counter columns being on Amendment Number 1, the Electors of President and Vice-President, Governor and Lieutenant Governor, which failed to record votes for the candidates of any party. Said machine was operated in the condition as found by the Committee and still failed to record any votes for said candidates on said counter columns. Counter columns numbers 1, 2 and 3 were examined and it was found that the counter operating links connecting said machine with the voting mechanism were disconnected, thereby causing the failure of said machine to record votes for the offices in question.

That annexed hereto and made a part of this report is the stenographic report of a statement made by Messrs. Iver W. Carlson and Albert M. Coffey to your Committee at a session thereof held at the Court House in the City of Kingston, N. Y. on said 21st day of November, 1932, after the complete examination of said four machines, which said statement sets forth fully the conditions as found by said Messrs. Carlson and Coffey, under the supervision of the custodians of voting machines, and is designated as Schedule "A".

That all the machines examined shows that a considerable amount of grease and oil had been used in the lubrication of said machines and it appears from the statement of Messrs. Carlson and Coffey that this did not cause any failure of said machines to operate. It was stated, however, that this grease and oil should be removed so that the same would not congeal and cause the machines to fail to operate in the future due to this condition.

This report is also signed by the Inspectors of Election of the First and Second Districts of the Second Ward, the First District of the Tenth Ward and the Second District of the Twelfth Ward as to the recanvass of the vote as found to be recorded on said machines above mentioned and who were present at the recanvass of the votes of said machines on the 18th day of November, 1932, at the Municipal Building, Kingston, N. Y., and for that purpose only.

Your Committee makes the following recommendations:

First: That the voting machines in question and all of the other voting machines in use in the City of Kingston be readjusted before being used at the election to be held next year; that the grease and oil be removed and the said machines placed in good condition by a competent mechanic from the company which furnished said machines to the City.

Second: That said voting machines be stored in a dry place and kept free from any moisture.

Third: That additional protection be afforded to the machines by the placing of such additional equipment as may be necessary on the locks on the back of the same, so that a seal, similar to the one used on the voting lever on the front of the machine, may be affixed, which will prevent the back of said voting machines from being opened without the breaking of said seal.

Fourth: That said voting machines be prepared by the custodians of the voting machines for use on elections as near the date of the occurrence of said election as is practicable, said period not to exceed one week prior to election.

All of which is respectfully submitted.

Meeting of Committee of Board of Supervisors, Mr. Feeney, Mr. Myers, Mr. Finch, Mr. J. Rowe and Mr. Stanbrough, Election Commissioners of the County of Ulster, Mr. Sleight and Mr. Snyder with Mr. Sampson and Mr. Sterley, Mr. James Simpson, Secy., Republican County Committee together with Mr. Iver W. Carlson and Mr. Coffey of the manufacturer of voting machines, and Robert G. Groves, County Attorney, was held in the Grand Jury Rooms, at the Court House, in the City of Kingston, County of Ulster, and State of New York, on the 21st day of November, 1932 at 3 o'clock P. M.

Statement of Iver W. Carlson as follows:

We procured the keys from the City Clerk's Office and the machines were unlocked. Machine No. 14,302, being machine from the Second District of the Second Ward, City of Kingston. First of all the machine showed no signs of being dropped; that is the outer part of the machine showed no signs of being dropped. The outside case was just the way it should have been. The pan on the machine was not properly placed, in that it showed that the pan had been removed and had not been placed back in its proper position. On removing pan it was found that both end shields, the one shield on the left side was binding on the counter angles which proved that the counter angles at sometime had been removed. The end shield on the left hand side was jammed and was improperly fitted between the counter angles and that proves that the angle at sometime had been removed. On removing counter angles No. 15 counter and No. 16 counter were disconnected from the operating mechanism. Those were the only two counters on that machine not working. The top of the counter frame; these counters were connected with the counter operating link and on investigating these two counters and upon examination of them found that these two counters were disconnected from the counter operating links. The counter operating link is the sleeve and the counter operating strap is what fits into the counter operating link. It is called the counter operating bar. These counter operating bars in turn take impulses from the pointers. By reason of these being disconnected when the pointer was pulled down there was no vote recorded in that one office column and the same thing was true of Number 16, as the two counters were the same on that machine. It is true on all four of the machines. The failure to operate on all four machines was due to the same cause as outlined for this machine. This failure to operate affects the entire nine parties and the questions. It affects all parties on the office column, as it was column and not row that was disconnected. Subsequently they were all connected up properly and the machine was operated and it then correctly recorded votes on column 15 and 16. A severe blow would

not serve to disconnect these links. It took some manipulation to do that. The entire machine was set a XXX"000"XXX indicating no votes cast and then tested and found to record the votes properly on every counter. The balance of the machine was then found to be perfect.

With regard to Machine No. 14,303; Second Ward. First District, counters Nos. 4, 5 and 6 were out. There was no signs of the machine being dropped or damaged by fall. On this particular machine, it was found that counters 4, 5 and 6 were not operating. We took these counters out and found the connecting links were unhooked. Hooked them up and set the machine at "000" for each office. Worked the entire machine after adjustments were made and found it correctly recorded the vote which was then cast. The four machines which we checked we found the same trouble with each machine but in different counters.

Relative to Machine No. 10,243, Tenth Ward, First District, I found that counters Numbers 1, 10 and 11 were out. I found the same condition in this machine that the counters were unhooked and that the screws on the counter angles were loose. These screws on counter angles are tight when they leave the factory and I found them loose on all these found machines. When they left the factory there was no lock washers on them. No vibration caused by moving the machines would have loosened them to the extent they were found this morning. On this machine we found one of these screws out. It was the number one column on this machine which was out. The bar on this machine was very badly bent, the counter operating bar and one of the actuator yokes. This machine has not been put together as yet. I believe I said this had a screw missing.

Referring to Machine No. 10,236, from the Second District of the 12th Ward, we examined this machine and found counters numbers 1, 2 and 3 not functioning due to the fact that the counters were not connected with the operating links. We found the pan in the same condition in this also. The pan had not been placed back in proper position.

We found with reference to the four machines that there had been a great deal of oil used, which the company does not advocate. All the parts are oiled at the factory. In reference to all of these counters operating links which were disconnected, in all machines, that could not have been done by reason of any severe blows these machines may have been subjected to. They did not bear any evidence of receiving any severe blows or injury. Water splashing on these machines would not

have caused this condition either. It was some manipulation which caused these counters to be disconnected. All the machines worked perfectly after I fixed them.

Assuming these machines were in good working order and all of the pointers were working when they received their final inspection prior to being operated on Election Day 1932, whatever dislocation occurred after such final inspection.

Statement of Albert Coffee, as follows:

All the bearings on all voting machines are of the self-lubricating type and should not require any additional oiling or greasing regardless of the usage the machinery may be put to for a period of at least ten years.

As a general recommendation, these machines manifestly need some attention, such as the removal of the oil and grease, so they will function properly in the future. I would say in that connection that the machines be gone over by a mechanic from the factory for the purpose of removing the grease and oil that has been put on by some one in this city; that is all of the machines. In connection with the failure of these specific counter columns not working properly, oil had nothing to do with that but if this grease was allowed to remain and allowed to congeal, it would affect them. From the manufacturers standpoint, would like the machines to be kept in a dry place between elections.

We would prefer, as custodian, a man of ordinary intelligence, who would carry out the instructions furnished by the company for the benefit of custodians in the preparation of these machines, speaking generally.

Directing your attention to the back of the machine, there is a small horizontal bar on the top, then we have a door and then a larger door and then a smaller horizontal bar. These doors, the two upper ones are operated by lock No. 3, and the lower one by lock No. 4. So far as the lower door operated by key No. 4 is concerned; that knob could be changed and a swing hasp could be placed there in which a metal number seal could be attached

As for the upper two doors operated by key No. 3, I am not so sure that this swing latch could be placed there. We could take under consideration that matter and devise some way that these two upper doors could be sealed with a metal seal also.

In my opinion, the sole reason these machines did not operate correctly was due to the counter operating links being disconnected. In fact the only thing causing this failure was the disconnecting of these links. These machines could have been operated last year with the pans as we found them. It is not necessary in order to set these machines up for election to remove these pans. If the pans are not properly placed in the machines it would have a tendency to interfere with the operation of the paper roll, but not the pointers. The pans being disturbed did not disconnect the yokes. These machines were taken apart and the little straps which held the yokes for the pointers were disconnected from the counter columns.

REPORT OF
ULSTER COUNTY TUBERCULOSIS HOSPITAL

Kingston, N. Y., November 14, 1932.

To the Board of Supervisors of Ulster County:

Gentlemen:

We beg to present for your consideration the attached report of the Ulster County Tuberculosis Hospital, Dr. Frederic W. Holcomb, Superintendent.

The present management took over the operation of the old hospital on November 13, 1931. At that time there were 19 patients, mostly advanced cases. One patient was admitted before the transfer to our present hospital and one left without permission of the Superintendent.

On December 22nd, through the kindness of several ambulance owners, these 19 patients were transferred to their new quarters without a casualty.

For nearly twenty years through the untiring efforts of the Ulster County Committee on Tuberculosis and Public Health and through contributions from interested friends, a fund of $40,000 was accummulated. This sum was used in the furnishing of the hospital and the Nurses' Home. This generosity on the part of the Committee was a direct saving of $40,000 to the taxpayers of Ulster County.

During the year the Staff has worked in perfect harmony with the Board of Managers, with the result that an organization functioning properly has evolved.

It was with deep regret that the Board of Managers accepted the resignation of the Reverend Joseph B. Scully as a member of the Board because of his transfer to a New York City parish. This vacancy on the Board has not been filled, and it is our earnest wish that Father Scully's successor be appointed as soon as possible.

The term of Dr. Gates, another member of the Board, expires at this time, and we would petition your Board to reappoint Dr. Gates for a full term. Dr. Gates' ability is well known and his interest in the Tuberculosis work of Ulster County has extended over a number of years. We feel that his services are too valuable to lose.

The resignation of Dr. Fred H. Voss as Assistant Superintendent was presented at the monthly meeting in May and accepted with regret. The increasing practice of Dr. Voss made it impossible for him to give the required time to the hospital. He most kindly volunteered to act in the capacity of Consulting Gastro-Enterologist when his services would be needed. This offer was gratefully accepted, and on several occasions he has given of his time and experience without remuneration in the treatment of cases.

Since the resignation of Dr. Voss, Dr. Holcomb has been on service and the results of his tireless labors are apparent from the accompaning report. The hospital makes many demands upon his time, ability and skill, and he is ever ready to meet these demands.

Dr. Joseph Jacobson and Dr. Maurice Silk have been of great assistance to the hospital, giving much of their time in the assistance of Dr. Holcomb.

Dr. Mark O'Meara and Dr. C. L. Gannon have also been ever ready to assist the hospital when their skill or advice was necessary.

Our Consulting Physicians, Dr. George Ornstein and Dr. Pol N. Coryllos of New York City, have advised us frequently in the diagnosis and treatment of our patients. Through their interest, Dr. Holcomb has been able to avail himself of frequent visits to their Clinics in New York hospitals. Dr. J. Dworetsky of Liberty, N. Y., has visited our Institution and assisted in cases of laryngeal tuberculosis. We feel that Ulster County owes these doctors a debt of gratitude for their very valuable assistance. Both town and out-of-town physicians have given their services to our sick ones without remuneration of any kind.

A schedule for the care of patients needing dental attention is being formulated by the Ulster County Dental Study Club. During the past

year Dr. Harry Meinhart, Dr. Charles D. Carter, Dr. John P. Reading, and Dr. Joseph H. Rosenberg, have cheerfully given their services free of charge in emergency cases.

This being the first report of the new Board of Managers, who have given much time and interest toward the management of the hospital, we request the careful consideration of the Board of Supervisors. We have appreciated most heartily during this, our first year, the helpful cooperation of your Board, and we bespeak for the years to come the same understanding of our difficulties and the ever ready assistance in their solution which you have afforded us.

Respectfully submitted,

SAM BERNSTEIN, President.
ADEN C. GATES,
MARY GAGE DAY,
F. B. SEELEY.

Remaining at the close of the year	45

Of the 48 cases discharged from the hospital, 38 were discharged as improved (quiescent); 10 as unimproved.

Of the 95 cases admitted, only eight could be considered early (minimal) tuberculosis. Twenty-nine cases were moderately advanced and fifty-eight were far advanced. In view of this fact the death rate was

11.4%. As in previous years, many of these deaths were within a comparatively short time after admission. Clinic and discharged patients have been examined at the hospital twice a week.

A total of 12,215 hospital-days service was given, with a possible total of 14,497. The fact that our Nurses' Home, the generous gift of Mrs. Eleanor H. Washburn, was not ready for occupancy until July 23rd reduced our bed capacity considerably, as one floor of the Women's Wing had to be reserved for the accommodation of nurses.

The expense of operating the hospital by months was a follows:

November	$ 2,643.54	May	$ 4,237.05
December	5,383.78	June	3,909.30
January	5,604.86	July	4,169.88
February	4,874.82	August	4,325.36
March	5,420.78	September	4,844.53
April	4,610.16	October	3,409.68

Total	$ 53,433.74
Less Amount Received from Patients	6,113.35
Net Amount of Operation	$ 47,320.39

The total expenses of Operation, $53,433.74, was divided among the following items:

Salaries and wages	$ 28,476.05
Food, ice and water	9,201.44
Fuel, light and Power	5,771.44
Repairs, maintenance and new equipment	3,562.00
Medical and surgical supplies	2,141.36
Household supplies	1,527.47
X-Ray supplies	770.27
Laundry supplies	601.84
Insurance	195.28
Office supplies	232.92
Charts	59.50
Sundry expenses	894.17
Total	$ 53,433.74
Less Amount Received from Patients	6,113.35
	$ 47,320.39

Dividing the total expense of operation by the total number of hospital days given, the cost per diem per patient was $4.37. This amount can be cut down when capacity operation is reached.

The sum of $6,113.35 was collected from patients, some paying full rates, others what their circumstances would permit, even as small amounts as $5 per week.

At various times during the year amounts have been transferred from this account to an interest bearing account. On November 1st there will be $6,000 in this account.

With the deduction of earnings from patients, the net cost of operation is $47,320.39. As unofficial estimates placed the cost of the first year's operation at from $60,000 to $70,000, we feel that our policy of economy has shown decided results.

The lack of an elevator for use of patients and transporting of tray carts has been our most serious problem. Our patients have had to be carried up and down stairs by orderlies whenever their weight is taken or pneumothorax treatments are given. The trays have to be carried by hand from the kitchen to the most distant wing, making the service of hot food to our patients almost an impossibility. It is respectfully suggested to the Board of Supervisors that we be allowed to use funds from the $6,113.35 paid in by the patients to install an elevator at the earliest possible date.

The hospital has been the recipent of many useful gifts, contributing to the comfort and welfare of the patients. The gratitude of the management goes out to these donors with hopes for their continued interest.

A Ladies' Auxiliary was formed soon after the opening of the new hospital and has been of great assistance in stimulating the interest of the patients in various ways. Through their efforts, Occupational Theraphy has been made possible. Interesting employment thus afforded has in many cases completely changed the mental outlook of the patient.

The Kingston Laboratory has done free of charge all the Laboratory work for the hospital. This has indeed been considerable and is much appreciated.

From our Board of Managers we have received the fullest cooperation, the keenest interest in our problems and valuable advice in meeting these problems. Our monthly Board meetings have been well attended

and most essential to both medical and administrative departments of the hospital.

The devotion shown by the President of the Board of Managers can not be too strongly stressed. At least three mornings each week he spends the greater part of the morning at the hospital going over the more serious problems of management with the Superintendent, Business Manager and Head Nurse. Then a personal visit is made to each patient. These visits are looked forward to by the patients, as they are a great inspiration to them in their fight for health. Mr. Bernstein's cooperation with the Staff is superlative and is felt in every department of the hospital.

Our first year has seen a transition from an unsanitary group of frame buildings to a modern well-equipped institution, which offers every facility for the treatment of Tuberculosis by recognized Scientific methods.

Today a patient may enter our hospital with excellent chances for recovery. This chance under previous conditions was impossible. It should be an inspiration to any resident of our County to visit this hospital, to see and to understand what has been accomplished for the control and treatment of Tuberculosis.

Your Superintendent has never, during his years of hospital connections, been associated with such efficient Administrative and Nursing Departments. Under the able direction of Mr Christopher Snyder, as Business Manager, and Miss Lillian B. Hagelweide as Head Nurse, the work of the hospital has progressed smoothly and the best possible care has been given each patient with due consideration to economical management.

While the cost of operation may seem relatively high, it must be borne in mind that the expense of operating a large modern hospital must be higher than that of operating a few antiquated buildings; yet the results we have obtained in this, our first year, amply justify the added expense.

Respectfully submitted,

F. W. HOLCOMB, Superintendent,
Ulster County Tuberculosis Hospital.

REPORT OF ULSTER COUNTY COMMITTEE OF THE STATE CHARITIES' AID ASSOCIATION.

Kingston, N. Y., Nov. 29, 1932.

To the Board of Supervisors of Ulster County:

We respectfully submit reports of the Treasurer and Agent of the Ulster Co. Committee of the State Charities' Aid Association for the year ending September 30, 1932.

We would call particular attention to the following salient items set forth in the Agent's report:

First: The Agent has collected from the parents of boarding children, the sum of $1,688.24. This is about $50.00 more than last year. This sum has been returned to the public welfare fund.

Second: There are at present, 124 children in the care of the Agency.

Third: Two hundred forty complaints and appeals have been made to the Agency during the year from doctors, nurses, public officials, schools, et cetera.

The appropriation of the Board for 1931, was $4,000.00.

It is the general feeling of the Committee, that due to the general economic condition, no appeal should be made for an increased appropriation. But, it is earnestly requested and urged that the same appropriation as last year, namely, $4,000.00 be made.

Respectfully yours,

THEODORE BRINK, President,
Ulster County Committee of the
State Charities' Aid Association.

The communication of the County Treasurer of Ulster County, which was referred to this Committee, and which we find from the books of the County Treasurer to be correct, shows that the County Treasurer has paid out on behalf of the County of Ulster the sum of $2,150.39 for the cost of construction of State and County Highways during the past year, as follows:

That we have examined the report of the County Treasurer, relative to the amounts paid out during the past year for Lunacy Examinations, which was referred to us, and we find from the books of the County Treasurer that the same is correct; and we find that the County Treasurer has paid out on behalf of the respective Towns, the City of Kingston, and the County of Ulster for examinations in Lunacy, the following amounts:

We, therefore, recommend that there be assessed and levied upon the taxable property of the said Towns, the City of Kingston, and the County of Ulster the amounts above set forth, necessary to reimburse the County Treasury of Ulster County on account of such payments.

That we have examined the statements of the State Conservation Commission as to the amounts chargeable to the several Towns of the County for expenses in fighting forest fires, which were referred to us, as follows:

REPORT OF COMMITTEE ON TUBERCULOSIS HOSPITAL AND LABORATORY.

To the Honorable Board of Supervisors of the County of Ulster:

Gentlemen: Your Committee on Tuberculosis Hospital and Laboratory submits the following report:

First: On December 18th, 1931, the installation of an electric clock and duplex receptacle in the reception room of the Tuberculosis Hospital was authorized by your Committee and, accordingly, Carl Miller and Son of this city, having submitted the lowest figure for the installation of the same, were awarded the contract for the sum of $28.00.

Second: Due to some changes in the intercommunicating telephone ssytem at the Hospital, it was necessary to purchase twenty-five (25) additional feet of cable at a cost of $23.59, from the Connecticut Telephone and Electric Corporation, the manufacturers of the telephones used within the building.

Third: After the completion of the hospital, it was necessary to thoroughly wash the Kompolite floors of the hospital and thereafter apply the necessary preservative to the floors and a finishing wax coat on the same. This work was not called for in the contract and was necessary for the proper preservation and finish of the floors and, accordingly, we authorized this work to be done by the Kompolite Company at a cost of $496.53.

Fourth: It was also necessary to paint the concrete floors of the outside porches of the hospital. The labor for this item was furnished gratis by the contractor and the County furnished the paint. This paint was purchased from the Herzog Hardware and Paint Company at a cost of $132.00.

Fifth: The incinerator called for by the specifications at the hospital was found to be inadequate and upon the recommendation of the architects, a larger incinerator was purchased, the County having been given credit in the bid for the incinerator originally installed. This work was done by Brown & Dressel at a cost of $267.00.

Your Committee, therefore, requests that its action in reference to the above matters be approved and that the bills of the respective claimants above set forth be approved for payment and warrants drawn for their payment in the respective amounts indicated above.

All of which is respectfully submitted.

Deeds for all parcels acquired by this Committee are recorded in the office of the County Clerk of Ulster County.

The total amount of Warrants issued by this Committee in payment for Rights of Way, acquired by purchase, was the sum of $86,610.07 as hereinbefore set forth. That payments therefor were made by the County Treasurer.

The books of the County Treasurer show that, in addition to the above amount, the County Treasurer of Ulster County has paid out, on Court Orders, the sum of $62,994.89 for purchase of Rights of Way purposes, making the total amount paid out for said purpose up to November 1, 1932, the sum of $149,604.96.

The books of the County Treasurer show that there was on November 1, 1932, a balance in the "Purchase of Rights of Way Fund" of the County the sum of $55,927.58.

That it will be necessary to pay out of said Fund during the coming year the amount awarded by the Court for the site for the new State Armory, which, with the costs, amounts to about $35,000.00.

Your Committee, therefore, recommends that there be assessed and levied upon the taxable property of the County of Ulster the sum of $100.000.00, the same when collected to be paid to the County Treasurer of Ulster County, to be by him placed to the credit of the account for the Purchase of Rights of Way, and to be by him paid out for Purchase of Rights of Way purposes.

All of which is respectfully submitted.

We recommend that the County Superintendent of Highways be allowed his actual and necessary traveling and other incidental expenses when so traveling in the discharge of his duties as County Superintendent of Highways, or any other duty imposed upon him by Statute.

We further recommend that the County Superintendent of Highways, by reason of the additional duties imposed upon his office under the Highway Law, as amended, be authorized to employ such assistants as may be necessary in connection with his office. That the employment of said additional assistants contemplated in this paragraph shall be at such wages or compensation as shall be fixed by the County Superintendent of Highways, but that such employment of assistants shall not exceed for all of said services the sum of Two Thousand Seven Hundred Dollars ($2,700.00) for the calendar year and that the said sum of Two Thousand Seven Hundred Dollars ($2,700.00) is hereby recommended to be raised upon the taxable property of the County of Ulster for the purpose of paying the compensation of such additional assistants.

Where the Clerks in the County Clerk's Office are divided into Grades "A", "B", "C", "D", "E" and "F", Grade "A" shall be composed of such clerks as have had not less than five years experience in the position which he or she occupies; Grade "B" shall be composed of such clerks as have had not less than four years experience nor more than five years experience in the position which he or she occupies; Grade "C" shall be composed of all clerks in such office as have had not less than three years experience, nor more than four years experience in the position which he or she occupies; Grade "D" shall be composed of all clerks in such office as have had not less than two years experience, nor more than three years experience in the position which he or she occupies; Grade "E" shall be composed of clerks in such office as have had not less than one years experience, nor more than two years experience in the position which he or she occupies; and Grade "F" shall be composed of clerks having less than one year's experience in the position which he or she occupies. The salary of the clerks as herein graded shall be as follows:

Grade "A"	$1,200.00 per year
Grade "B"	1,100.00 per year
Grade "C"	1,000.00 per year
Grade "D"	900.00 per year
Grade "E"	825.00 per year
Grade "F"	720.00 per year

On or before January 1st, 1933, the County Clerk shall certify to the County Treasurer the number of clerks in each of the several grades hereinbefore mentioned, and the County Treasurer shall continue to pay such clerks in accordance with such certificates until the County Clerk certifies that any particular clerk shall have become entitled to be classified in a different grade, by reason of period of service, and upon filing of such a

certificate, the County Treasurer shall thereafter pay in accordance with the salary prescribed for such grade.

The word "recording clerk" as used with relation to the County Clerk's Office shall not limit the scope of the employment of the clerks to recording of instruments, and it shall be the duty of such clerks to perform any duty in relation to the office which may be designated by the County Clerk irrespective of the title given them in this report.

Your Committee finds that during the rush periods in the Motor Vehicle Bureau of the County Clerk's Office, of which there are three each year, that the regular employees are unable to take care of the necessary work, and your Committee therefore recommends that the sum of Five Hundred Dollars ($500.00) be appropriated for the compensation of laborers who may be employed by the County Clerk during such periods. Said compensation to be payable by adding the names of said laborers to the County Clerk's Office payroll and paid by the County Treasurer of the County of Ulster to said laborers as so certified by the County Clerk.

Your Committee desires to express its appreciation to County Judge Frederick G. Traver, Surrogate George F. Kaufman, Sheriff-elect John H. Saxe, County Commissioner of Public Welfare William W. McElhone, District Attorney Cleon B. Murray, County Treasurer Arthur Rice, County Superintendent of Highways James F. Loughran, County Clerk James A. Simpson, Clerk of the Board of Supervisors Henry R. DeWitt and County Attorney Robert G. Groves, for their voluntary contribution of 10% of their salary toward the reduction of taxes. It is to be noted that the salaries of all of the above mentioned officers are either fixed by Statute or were fixed at the beginning of their terms of office and therefore, could not be reduced by any act of the Board, but that they have willingly co-operated with the Board of Supervisors in its efforts toward retrenchment of public expense.

Your Committee recommends that the offers of all the above mentioned officers be accepted and be effective during the calendar year 1933, as expressed in all the letters of said officers.

Your Committee received a communication from Harold A. Styles, the County Court Stenographer, requesting that his salary as County Court Stenographer be increased from $1,200.00 to $1,500.00 per year. This was on the contention that he has to serve at five terms of County Court each year.

Mr. Styles is also the Stenographer of the Surrogate's Court and his salary has heretofore been fixed at $1,800.00 per year, which is the maxi-

mum under the Statute. Your Committee has investigated as to the work performed by Mr. Styles in the Surrogate's Court and finds that Surrogate's Court is held on three mornings a week and on many days, no testimony is required to be taken by him.

We have, therefore, decided to readjust the salary of Mr. Styles as Stenographer of the Surrogate's Court by adjusting the same from $1,800.00 per year to $1,300.00 per year and to adjust his salary as County Court Stenographer from $1,200.00 per year to $1,500.00 per year, on a normal basis. This basis for 1933 is subject to the 10% reduction under the resolution adopted by the Board of Supervisors of Ulster County on December 1st, 1932, and accordingly, for the year 1933, we do recommend that the salary of the County Court Stenographer be fixed at $1,350.00 and as Stenographer to the Surrogate's Court at $1,170.00.

We, therefore, recommend that there be appropriated and that there be assessed and levied upon the taxable property of the County of Ulster the following amounts, to-wit: $79,627.99 which amount together with the amounts heretofore transferred by this Board to the salary account of the several County officers and employees will be sufficient to meet the salaries required to be paid during the ensuing year, and herein recommended.

We further recommend that there be appropriated and assessed and levied upon the taxable property of the County of Ulster in addition to the amount above stated the sum of $1,650.00 to pay the salaries of the Deputy Clerk and assistant clerks of this Board authorized by a resolution adopted January 8th, 1932.

We further recommend that in addition to the amount above stated, there be appropriated and assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, the sum of $5,490.00 to pay the salaries of the County Commissioner of Public Welfare, Deputy County Commissioner of Public Welfare and County Sealer of Weights and Measures.

We further recommend that the salaries of the County Treasurer and County Clerk, as fixed by this report, shall be in full for all services rendered by them as County Treasurer and County Clerk, and that they shall not be entitled to any additional fees, and all fees collected by the County Treasurer and County Clerk shall be paid over to the County of Ulster and become a part of the General Fund.

All of which is respectfully submitted.

Dated at Kingston, N. Y., December 12th, 1932.

Gentlemen: Your Committee on Insurance reports as follows:

We have examined the several buildings, and the personal property owned by the County of Ulster, situate within the City of Kingston, and also the property of the County of Ulster, situate at the County Home at New Paltz, N. Y., and after such examination have determined that the necessary amount of insurance to be carried by the County of Ulster on the buildings within the City of Kingston, together with their contents, should be the sum of $164,850.00, distributed among the several buildings and the contents thereof as appears by the annexed form, which is made a part of this report; and that the amount of insurance to be carried upon the buildings at the County Home at New Paltz, N. Y., together with their contents, should be the sum of $162,050, distributed among the several buildings and their contents as appears by the form, which is hereto annexed and made a part of this report; and that the amount of insurance to be carried upon the Nurses' Home, together with its contents, should be the sum of $21,200.00.

In addition to the above, we have written insurance on the various trucks and snow removal equipment owned by the County, and have written compensation insurance, and burglary insurance.

We have caused insurance, to the amount hereinbefore mentioned, and for the purposes hereinbefore mentioned, to be written by the several agencies of Ulster County, as appears by the Abstract hereto annexed and made a part hereof. The policies therefor have been delivered to your Committee and approved by them, and such policies have been duly deposited with the County Treasurer.

We have also destroyed all of the old policies, which expired on the 1st day of December, 1932.

We also report that the several claims set forth in the Abstract hereto annexed are in all respects in proper form for audit and allowance by this Board; that each of said claims, in the opinion of your Committee, is a just and legal charge against the County, and against the County of Ulster outside of the City of Kingston to the amounts indicated in the column headed "Allowed", and your Committee, therefore, recommends that each of said claims be audited and allowed at the amounts so indicated on the abstract hereunto annexed.

Whole amount claimed ---------- $16,349.65
Whole amount allowed ---------- 16,349.65

Which should be levied as follows:

On the County at large ---------- $12,984.17
On the County outside of the City of Kingston ------ 3,365.48

All of which is respectfully submitted.

Dated, Kingston, N. Y., December 12th, 1932.

REPORT OF COMMITTEE ON COUNTY COMMISSIONER OF PUBLIC WELFARE.

To the Board of Supervisors of Ulster County:

Gentlemen: Your Committee on the Accounts of the County Commissioner of Public Welfare reports as follows:

We have examined the accounts and vouchers and the annual report of William W. McElhone, County Commissioner of Public Welfare, which were referred to us, for the current year, and have found them correct, and they are filed herewith and form a part of this report.

Your Committee further reports that they have visited the County Home at different times during the year, and have recommended repairs and improvements.

We find that the cost of maintenance to the several Towns of the County, and the County of Ulster outside of the City of Kingston for the past year, as apportioned by the County Commissioner of Public Welfare, was as follows:

Esopus	$ 439.94	Plattekill	$ 282.90

New Paltz	365.47	Woodstock	180.55
Olive	2.30	County, outside of City	623.07
Total			$7,288.88

We, therefore, recommend that said amounts be assessed and levied upon the taxable property of the said several Towns, and the County of Ulster, outside of the City of Kingston, as above set forth.

We recommend that there be assessed and levied upon the taxable property of the County of Ulster outside of the City of Kingston for the ensuing year, and for the following purposes, the following amounts:

For the support of County Poor, upkeep of buildings, and salaries at County Home and Hospital	$20,000.00
For repairs and improvements	6,500.00
For Emergency Relief	5,000.00

We find, from the report of the County Commissioner of Public Welfare, that there has been expended during the past year for the care and maintenance of children in the Industrial Home of the City of Kingston,

and in Boarding Homes on behalf of the several Towns, and the County of Ulster, outside of the City of Kingston, the following amounts, to-wit:

Esopus	$ 458.66	Rosendale	$ 471.48

Rochester	1,065.98		
Total			$10,044.94

With an overdraft of $54.54.

We, therefore, recommend that the several amounts above set forth, together with the additional sum of $1,955.06 be assessed and levied upon the taxable property of the said several Towns, and the County of Ulster, outside of the City of Kingston, and paid to the County Treasurer of Ulster County, to be by him placed to the credit of the County Commissioner of Public Welfare, to pay bills of the Industrial Home of the City of Kingston, and Boarding Homes during the coming year.

Your Committee further reports that we have examined all bills and claims presented to us and have audited the same as appears on the annexed abstract; that all of said bills and claims are in all respects in proper form for audit and allowance by this Board; that each of said claims and bills, in the opinion of this Committee, is a just and legal charge against the County of Ulster, the County of Ulster outside of the City of Kingston, the City of Kingston, and the several Towns of the County of Ulster to the amount indicated in the column headed "Allowed," and your Committee, therefore, recommends that each of said claims be audited and allowed at the amount so indicated on the abstract hereto annexed and made a part hereof.

Which said bills and claims, amounting to $6,690.93 should be apportioned and levied as follows:

On the Town of Gardiner	$ 105.71

Your Committee, therefore, recommends that the County Commissioner of Public Welfare be empowered to contract with the Industrial Home of Kingston, N. Y., for the coming year, and that there be assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston the sum of $1,955.06 to pay bills for the ensuing year presented by the Industrial Home of Kingston, N. NEW PALTZ.

Settled in the year 1677. Twelve persons purchased of the Esopus Indians a tract of land twelve miles square, for which they obtained a patent during the administration of Governor Andros. These persons were the Twelve Patentees, and they and their successors in office, duly elected by their descendants exercised the functions of officials in all public matters until about the year 1751. These officials were sometimes called "The Dazine," or "Twelve Men," and were annually elected for a long period after the first regular election of town officers. The original patentees were Lewis DuBois, Christian Deyo, Abraham Hasbroucq, Andries Lefever, Jean Brocq, Pierie Deyo, Lawrence Beverie, Anthony Crespel, Abraham DuBois, Hugo Frere, Isaac DuBois and Simon Lefever. The first record of the election of town officers dates in the year 1751. A part of Hurley was annexed February 2, 1809.
